

Town Council Agenda Report

Date: June 8, 2021

To: Honorable Mayor and Town Council

Subject: AUTHORIZATION TO ADVERTISE STODDARD WELLS ROAD WIDENING

From: Douglas Robertson, Town Manager

Submitted by: Brad Miller, Town Engineer
Engineering

Budgeted Item: ☐ Yes ☐ No ☒ N/A

RECOMMENDED ACTION

- A. That the Town Council review and approve the bid documents for the Stoddard Wells Road Widening
- B. That the Town Council authorize staff to solicit bids for construction of said project.

BACKGROUND

Currently, Stoddard Wells Road, from Interstate 15 to Johnson Road, is a 22 foot wide two-lane arterial roadway with unimproved dirt shoulders. The road is paved with approximately 5 to 6 inches of conventional asphalt that has been placed in multiple layers over its lifetime. This 1.6-mile segment has seen a marked increase in heavy truck and passenger vehicle traffic due to its direct connection between Interstate 15 and the Walmart and Big Lots Distributions Centers. The project will increase the paved width of the roadway to 26 feet and reestablish the shoulder width to 12 feet on either side.

ANALYSIS

Bid documents for the Stoddard Wells Road Widening Project have been prepared and are ready for approval and advertisement of bids. Staff has reviewed the documents and is satisfied that they meet the intent of the Town Council for this project. The documents are available to the Town Council for review, approval, and authorization to proceed with advertisement of the project. Staff recommends that the Town Council review bid documents that are available in the Town Council Office, approve the documents, and direct staff to proceed with advertising for construction of the project.

FISCAL IMPACT

Funding for this project has been appropriated in the adopted FY 2021-2021 budget. There is no immediate impact for advertising this project.
